Let The Glow Begin

# OUR STORY

Inspired by natural beauty and healthy living, brothers Ahmet and Tarik, while searching for solutions to the skin problems they have been facing for years, got the idea to turn their passion into a brand. By researching innovative peeling techniques applied in different countries, they reached a method that is not only biodegradable but also reusable. Inspired by traditional hammam culture, this approach inspired the birth of Let'scrub in 2021.

# PURE AND EFFECTIVE SKIN CARE

As Let'scrub, we aim to offer natural, problem-solving, easy-to-use bath and shower products to our customers and in this direction, we help our customers in their physical and mental regeneration processes by bringing the solutions applied in Hammams and Spas to the bathroom. For a happy bathing routine, we work together with our expert developers at every production stage, aiming for 100% customer happiness, so that you can have a smoother, healthier and renewed skin.

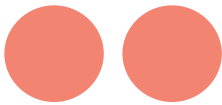

# OUR PHILOSOPHY

Our products are inspired by skin care techniques and rituals from many different cultures perfected over centuries, making the best of nature accessible to you and contributing to the renewal of your mental balance along with your skin. Let'scrub makes its customers love skin care by creating a bathing routine for them, and with a planned application, it ensures that each of its customers has a perfect skin.

## In Its Purest Form

Our brand focuses on maximising skin care by using the purest and most natural ingredients nature has to offer. We avoid chemical ingredients and formulate our products with only effective and safe natural ingredients.

## Scientific Skin Care

We combine skin care with scientific knowledge and the power of nature. Each of our products is prepared with in-depth research and effective formulations. We offer scientifically based, reliable and high quality solutions.

## Empowering You

We see skin care not just as a routine, but as an action where you take care of yourself and nature. We empower you to make conscious choices in skin care. We enable you to make the right decisions with education and information.

## Simple Beauty

Beauty is not complicated. Our products are designed with minimal but effective ingredients. We create a healthy skincare experience by offering simple and effective solutions without disturbing the natural balance of your skin.

## Result Orientated Approach

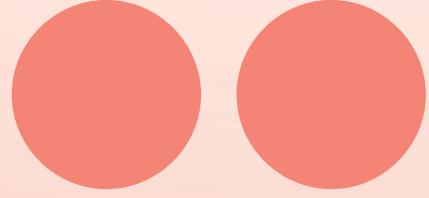

Results, not promises, are our priority. There are real, visible effects behind each of our products. We strive to achieve the best results with natural and effective ingredients.

## DEEP EXFOLIATING MITT

# For Normal Skin

The Deep Exfoliating Mitt, which is handmade and made of 100% floss silk, minimizes the appearance of cracks, cellulite and strawberry legs with regular use, and helps you get rid of ingrown hairs and acne. It helps increase the oxygen level of the cells in the body and increases collagen and elastin production by providing healthy blood circulation.

## Main Ingredients

Floss Silk

### Usage:

**1.WASH:** Wash thoroughly by hand with warm water for the first use. Soften your beautiful skin by taking a hot and steamy shower for 5 minutes. Do not use soap or shower gel while showering. The softer you are, the more dead skin will appear.

**2.SCRUBING:** Wet the product, squeeze out the excess water and put it on your hand. Remove your body from the water, slide the mitt firmly up and down to remove dead skin and all dirt. Be gentler on sensitive areas of your body.

**3.RINSE:** Rinse your body and let all negative thoughts disappear along with the dead skin. Let the glow begin!

**Size:** 15x26 cm

## PREMIUM DEEP EXFOLIATING MITT

# Zebra

Handmade Premium Deep Exfoliating Mitt, made of 100% floss silk with zebra pattern, purifies and renews your skin with its deep peeling effect. With regular use, it purifies the skin from dead skin, accelerates blood circulation and minimizes the appearance of cellulite and cracks. It helps prevent ingrown hairs on the skin and supports healthy cell renewal. It increases the oxygen level and encourages collagen and elastin production, making the skin look smoother, tighter and more radiant.

### Usage:

**1.WASH:** Wash thoroughly by hand with warm water for the first use. Soften your beautiful skin by taking a hot and steamy shower for 5 minutes. Do not use soap or shower gel while showering. The softer you are, the more dead skin will appear.
